## Education

### University of North Carolina at Chapel Hill

- Bachelor of Science in Biology & Bachelor of Arts in Geography
- Expected Graduation: May 2025
- GPA: 3.37
- Carolina Scientific Design Editor and Illustrator
- USFQ Ecology Student, May - June 2023

## Experience

### Graphic Illustrator (*September - December 2023*)

Department of Geography, UNC Chapel Hill | Advisor: Javier Arce-Nazario

- Vectorized a collection of hand drawn maps completed by a community in the Ecuadorian Amazon
- Balanced the preservation of cultural authenticity in the original map while incorporating modern design elements
- The final images were later printed, laminated, and presented to the community so they could have a physical representation of their illustrations to keep long term

### Research Assistant (*May - June 2023*)

Universidad San Francisco de Quito | Professor: Senay Yitbarek

- Conducted field work to compare microbes at varying elevations and locations
- Sampled soil from different elevations and recorded coordinates
- Performed DNA extractions on said soil for microbial analysis
- Measured the optical density of the DNA to test its quality and ensure accuracy

## Skills

- Proficient in ArcGIS, QGIS, and R
- Intermediate in JavaScript, HTML, Adobe Illustrator, and Microsoft Excel

## Employment

### Hostess (*July - September 2023*)

Carolina Brewery | (919) 942-1800 | Chapel Hill

- Seated customers and made accommodations to their request, with the main goal of customer satisfaction
- Managed reservation and planned seating arrangements to allow for smooth functioning of the restaurant

### Hostess (*May - August 2022*)

Famous Toastery | (704) 696-8436 | Mooresville

- Made seating arrangements that fit the customer's and staff's request
- Packaged online orders and ensured they made it to the correct customer
- Handled phone orders, including placing and fulfilling
